SUGGESTED STUDY MATERIAL FOR NLN PAX NURSING PRE ADMISSION EXAM

The NLN Review Guide for RN Pre-entrance Exam is available in the NSCC College bookstore or online directly from Jones and Bartlett Publishers. This review book contains content review as well as practice questions to help prepare for the NLN PAX exam. It is a timed exam and calculators are not allowed, you need to be prepared to work quickly so you can complete the questions in the time allotted. Math, science and verbal (reading/vocabulary) are included on the exam.

Students are finding the verbal test very challenging. Additional resource materials to assist you in preparing for the reading and vocabulary portion of the exam will be available shortly in the NSCC library and bookstore or are now available online at Townsendpress.com or Amazon.com. The suggested workbooks are by author Sherri Nist. There are a series of three books: Building Vocabulary Skills, Improving Vocabulary Skills and Advancing Vocabulary Skills.

To determine which book you should start your review with, go to the website townsendpress.com/our-books/ and scroll down to the vocabulary series. Click on the title of each of the three books and review the word list for each book. If you do not know the majority of the words on the word list begin with that book for your test preparation.
