#### **NSCC MISSION STATEMENT**

Jim Drewes, Vice President of Workforce Development, read the College's mission statement: To serve by providing access to excellent and affordable education, training, and services that will improve the lives of individuals and strengthen communities. This statement guides the board, administration, faculty and staff in all decisions of the College.

#### **VISION AND VALUES**

VP Drewes read the College's vision and values statements:

Vision – Northwest State Community College will be a leader in education that empowers individuals and communities.

Values:

People – We believe in the power of teamwork, bringing people of diverse backgrounds and communities together to excel.

Integrity – We believe that honesty, respect, and accountability are the basis of building trust.

Learning – We believe that the acquisition and application of knowledge is the key to success, and to that end, we provide access to greater opportunities through education, training, and services.

#### PRESENTATION - CAMPUS POLICE DEPARTMENT SECURITY UPDATE

Chief Campbell introduced himself and the members of the Campus Police department. An overview of the department, along with projects completed and plans for continued improvement, were presented by Chief Campbell. The department has completed a reorganization and all open positions have been filled. A goal of the department is to create uniformity in dress and procedures to protect and serve the campus community. The current needs of the department were addressed and a solution to provide these through potential grant money was presented. The department is working with the LEXIPOL software platform to update police procedures. Lieutenant Cline shared the goal of the Campus Emergency Team, which is comprised of police, faculty, and staff members, is to help facilitate and address security and safety issues. The Campus Emergency team receives various safety trainings throughout the year. Campus involvement through the Secret Santa program and other community outreach programs are an important part of the police departments commitment to the community.

#### CHIEF EXECUTIVE OFFICE REPORT

Each of the Vice Presidents provided a report from their respective areas. Lana Snider, VP of Academics, provided an enrollment update. Spring enrollment (27 days after start) is down 4.7% in total FTE for traditional and College Credit Plus compared to spring 2023. This does not include workforce which is projected to be up over 2023. President Hernandez, reported that Academics will be focusing on institutional research, teaching and learning, developing an 8-week schedule and commencement. Jenny Thome, Chief Fiscal and Administrative Officer, reported a new Controller has been hired and the Facilities team has been busy dealing with B and C building boiler issues, power outages and snow and ice removal in January. Jim Drewes, VP of Workforce Development, reported CTS is exceeding sales goals in the Maumee and Fostoria locations. Al Lewis Jr., EVP / COS, reported that a Working Supervisor has been hired for the Van Wert campus. In addition, there is an Intro to Statistics class running this semester in Van Wert. President Hernandez reported that Tom Walsh has been named Interim CEO of the OACC.

#### **BOARD DISCUSSION ITEMS**

<u>Facilities Update</u> – The switch gear for the solar project has been ordered. In addition, the Employee Retention Credit (ERC) has been submitted. The B building and Van Wert projects are on schedule.

<u>Board Budget Committee Review</u> – The committee reviewed the revised budget, which is a resolution for the board's consideration. This includes a net adjustment of (1.8 million), mainly due to the change in building projects. Both B Building and Van Wert timelines were adjusted to January 2025. They also reviewed the current reserve policy and accounts, along with the Composite Financial Index (CFI). This will be a discussion topic at the spring retreat.

<u>Facility Rental Fees</u> – The facility room rental fees were reviewed and compared to local room rental fees in the area. The College adjusted the facility room rental rates in order to provide affordable and accessible services to our community. The adjustments were presented to the board and they were given the opportunity to provide feedback on the rate adjustments.

<u>Student Fees</u> – The administration reviewed the 2024-2025 student fees for the College and presented the changes to the Board. Adjustments were made to a few existing courses and a newly developed course has been added. This is a consent item for review and approval.

#### Policy & Procedure Updates -

Persona Non Grata – Northwest State Community College is a state institution that is open to the public and welcomes all persons. Due to a few instances where persons have exhibited behavior that has been deemed detrimental or dangerous, the Persona Non Grata policy was created and reviewed by the Attorney General's office. This policy will give the President and appropriate College officials the authority to enforce appropriate conduct for all persons on campus.

Graduation Policy – Due to inconsistent use and requirement of the e-portfolio system, a new data collection method was created by the Assessment Committee during the 2022-2023 academic year. The Assessment Committee is requesting that graduation requirements of completing a nationally normed test/graduation survey and submitting the required elements of a portfolio be removed. The Assessment Committee's ability to collect data will not be negatively impacted by removing these two graduation requirements.

Campus Safety and Security Policy – The College will create a policy to direct the administration to maintain any campus and security policies including NSCC police department policy and procedures, access control/physical security, security cameras, and weapons policy. This will be an April action item.

<u>Proposed Board of Trustees Meeting Dates</u> – Establish meeting dates and times for April 2024 through February 2025. Northwest State Community College will hold six regular meetings during the aforementioned period. This is a voting item for consideration.

#### **Banner Software Integration**

• Work is on-going with the interfaces between Slate (Student Customer Relationship Management) and Banner. More functionality is being implemented.

#### **New Initiatives**

• In the past two months about 110 requests have been successfully completed.

#### **State and Federal Reporting**

- State HEI reporting has been completed for the fall term and the annual reporting.
- Federal IPEDS reporting has been completed for the spring reporting period of FY2024
- Electronic reports are done, except for the 1098-T submission.

#### **Functional**

• Training new employees, and those transferring to different departments, in Banner and Argos (reporting tool). Training will be offered twice monthly, with a morning and an afternoon option.

#### **Technical**

• Work has been completed with the Ohio Department of Higher Education (ODHE) on a revision of electronic college transcript sending and receiving. All public, Ohio two- and four-year colleges are on the new system.

#### **NETWORK/SYSTEM & SUPPORT TEAM**

- For the month of March, 386 new requests/incidents were received, and 386 have been resolved with 100% positive feedback from 48 responses.
- Campus multifactor authentication for all campus services is continuing to progress. Initial cutover to the new login method has been completed and multifactor has been deployed as a skippable option for the time being. This will be changed to forced in the future after it has been communicated to the campus.
- The new event/room booking Halo request portal has been completed. The new procedure is to be rolled out soon, this will optimize and centralize room and event bookings within Halo.

- The new physical campus intrusion system built on our access control and surveillance systems to increase campus security has been completed and is in the testing phase, with employee onboarding to be completed once the system is fully tested.
- The electronic records project is still in the demo stage. This project will help us digitize our records along with automating and streamlining many of our processes. We are hoping to have a solution in place within a year.
- A new initiative to optimize Halo, our campus request system, is starting. This project looks to analyze the current Halo system and discover ways to make the process more efficient and user-friendly for our customers as we continue to expand to more campus services.
- Classrooms E109 (CAD) and E118 (CAM) have been upgraded with new 86" Clevertouch displays as our continued campus upgrades.

#### Vice President for Academics April, 2023 Submitted by: Lana Snider

It has been a very active spring Semester and things are continuing to pick up as we near the last two months of the term.

We had visits in March from our Achieving the Dream (ATD) team. There was a two-day session that included a full agenda. We covered strategy and goal setting for the next academic year, planning and discussion for Center for Teaching and Learning, discussion around shortened academic terms, and the completion plan. Day one also included two drop-in sessions open for faculty to stop by and speak to the ATD coaches with any questions they may have regarding those topics. The two days were very successful and we are looking at potentially bringing the coaches back for Fall Orientation.

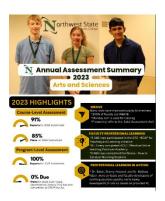

Commencement is once again being held at Sauder's Village Founders Hall. It will be held on Saturday, May 11<sup>th</sup> at 2pm. Our keynote speaker is Kristi Barnd, CEO from Henry County Hospital. We have chosen our Distinguished Full and Part-time Faculty award winners. These two winners will be unveiled at the Academic Award Luncheon on Monday, April 29. At this event we will also be honoring our Award of Merit graduates from each division.

Following are some brief updates from the academic deans.

#### Jamilah Tucker: Arts & Science:

The Annual Summary of Assessment for Arts & Science 2023 has been completed (for full access). Highlights included 91% of reports being submitted, 85% of plans, 100% of Program Level Assessments. In addition, Art students made gains in course-level achievement of learning outcomes over the four years since the ILO's were reviewed. The division has noted in the 2022 and 2023 data that students are having difficulty supporting their writing with evidence. The division plans to continue to refine efforts in this area.

Recent Workshops were held that partially address this need, and more will be planned as we continue to look at improving our program and institutional learning outcomes. The workshops included:

- 1. A research workshop was held the first 3 days of April for learners to help them find credible sources, develop good research and using the library and online resources.
- 2. An APA workshop was held in March to review APA guidelines.

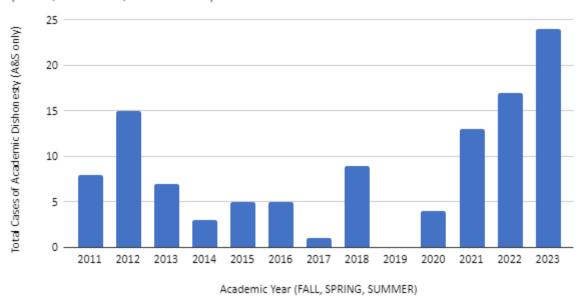

Approaching AI (Artificial Intelligence) is a continuous consideration for today's Faculty. Faculty and Staff in the division of Arts and Sciences have been proactively looking at the ways in which AI is shaping higher education and can aid in teaching and learning. Many faculty are actively including activities in their classroom that demonstrate the appropriate uses of

generative. As well, faculty are approaching the darker side of generative AI use. After observing a rise in both traditional and generative AI academic dishonesty cases in writing-intensive courses, full-time faculty member, Sherry Howard, led the charge to pilot new interventions. The pilot hoped to a) provide more complete data that support institutional decisions regarding plagiarism checking software, b) ease the administrative burden of both faculty and the Dean in dishonesty cases, and c) ensure student awareness and a tiered academic recovery system.

The pilot was timely considering an increase in academic dishonesty cases after the launch of Generative AI software.

#### **Trends in Academic Dishonesty Filing (Formal Violations)**

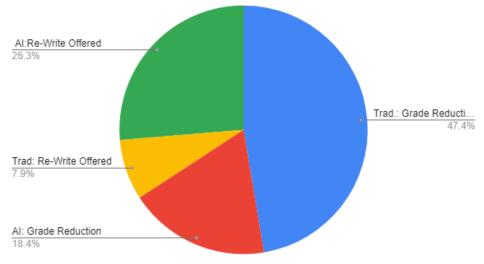

Total Cases of Academic Dishonesty (A&S only) vs. Academic Year (FALL, SPRING, SUMMER)

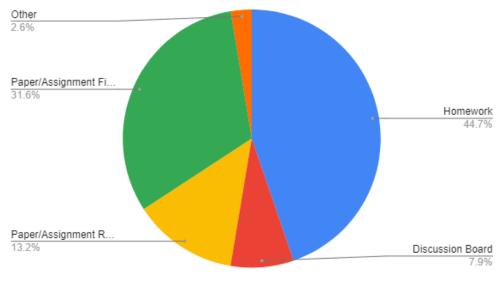

**Pilot Intervention Results** This intervention was rolled out to all full and part-time faculty members in the division in Spring 2024. Since that time (January 16, 2024 - March 29, 2024)

- 39 individual student cases of Academic Dishonesty have been diverted to the intervention, with only one (1) being a repeat and taken over to formal academic discipline.
- 8 Faculty (both full and part time have used the intervention)

In Conclusion this data underscores the way AI is changing the shape of the teaching profession and learning. The division will continue to leverage appropriate support including:

- 1. Supporting learners with additional resources related to ethical research and writing practices in the dawn of generative AI
- 2. Supporting faculty with additional professional development on generative AI and teaching and learning practices
- 3. Addressing the specific needs and burdens of faculty who teach and grade in writing-intensive courses when considering course load

#### Jason Rickenberg: Business & Public Services

Our division has finalized our summer 2024 schedule. We are also in the process of finalizing the fall 2024 schedule to offer courses, face-to-face, hybrid, synchronously, evening and on-line. We also have almost all course sections listed with instructors for summer and fall. We are following the same course format offerings that we made successful during both the summer and fall semesters. Classes in both 8A and 8B have also been included in the fall 2024 schedule to help retain students and grow new enrollments.

During the fall 2023 and spring 2024 semesters, we have worked collaboratively looking at ways to increase the enrollments in the Business and Public Services Division, increase retention, eliminate roadblocks and offer classes at the best time and delivery method for our students. This work was a collaboration between our faculty, staff, part-time faculty, our advisors in the advising center, our CCP advisors and the student services folks. We made the decision early on to remove waitlists and add course sections as other course sections filled. Each of these individuals have played an important part in planning and executing this plan. Additionally, certain courses were changed to online, Zoom, evening courses or other delivery methods to attract additional enrollments and it worked!

#### Dr. Tiffany Ludwig: Nursing & Allied Health

• We have now added another evening section, set to begin fall of 2024 for our RN students. This will include 3 of the 4 semesters with evening offerings.

- We have secured a Pharmacology tutor with the assistance of the success center, set to begin this month.
- All of our fall 2023 graduates have taken the NCLEX (boards) and have passed in both RN and PN programs.
- The new revised short-term phlebotomy certificate has been approved through academic affairs and faculty council. The last stop for approval is administrative council. It will go live in fall 2024. As a reminder, this revised short-term certificate allows students to complete in 8A/8B and finish their certificate in one semester. It also aligns with the Medical Billing & Coding certificate and the Medical Assisting program if the student would like to continue after their one semester.
- I have been working with our grants director for two grants. One is the RISE grant (Rural Innovation Stronger Community), where we are planning to partner with Henry County Hospital and add a radiography certificate. The other grant that we already received is COF (Choose Ohio First) which awards scholarships on tuition for students. This is set to begin with our fall 2024 enrollment. We have been advertising and already have students who have expressed interest. I have been contacted by Parkview Health to potentially partner for a medical assisting apprenticeship.

# Dr. Franklin Roberts: STEM & Industrial Technologies

Anuja Parikh, Julie Dowland and Colin Doolittle gave presentations at the Napoleon Public Library throughout the month of March on the total eclipse.

Lisa Dapelo has once again organized the March Mammal Madness. The premise is similar to the March Madness brackets for college basketball but instead with different creatures from around the world as the competitors.

Two new courses are on the fall 2024 semester schedule; Vacuum Systems and Semiconductor Manufacturing. These classes support the new Semiconductor Manufacturing Short-Term Certificate.

The plastics injection molding machine received through a Rapids grant was installed in the industrial lab. Plastics classes will begin this coming fall semester.

In support of a Department of Labor grant, STEM and Industrial has added a flexible modality to several classes. At the start of the semester students are provided a list of times the faculty will be available in the labs. Students are able to select times better suit their schedule.

# Kristi Rotroff: Library Director

Many things taking place in the library this semester.

- We met with the Henry County Heritage Alliance at their request in the McDougle Room on March 17th
- Presented to the AG240 class to support their Pest Management research paper
- Conducted 3 Research Workshops at the request of two ENG faculty
- Participated in the Center for Teaching and Learning committee re-launch
- Participated in Wildfire training
- Consulted with OhioLINK staff and other Leads around the state on pre-work for LSP (Library Services Platform) migration
- Prepared existing data in our system for an initial data pull

# Christina Schwiebert: Coordinator Instructional Design & Distance Learning

- Course Evaluations will go live on 4/29.
- We updated the Online Learning Readiness (OLR) assessment to simplify the OLR text. This assessment is a prerequisite for all students before registering for an online class.
- The Flesch Kincaid grade level for the OLR pages now varies between 6.7 and 8.1. The Flesch Kincaid is a readability score that tries to estimate the grade level of text based on sentence length and average syllables per word. So, with our changes, the OLR is closer to a 7-8<sup>th</sup> grade reading level, which would make it easier to understand than the previous 8-9<sup>th</sup> grad level.
- I'm starting testing of the next major Sakai release to look at the feasibility of updating before summer 2024 or fall 2024 terms.

# Heidi Keller: Coordinator of Accreditation, Compliance & Curriculum

The Higher Learning Commission (HLC) 2024 Institutional Update was turned in on Thursday, April 4. Jenny Thome completed the financial portion of the report and Terry King and Heidi Keller completed the non-financial portion of the report.

Now that the Institutional Update has been completed, I will now turn my focus to the Four-year Assurance Review. The main focus to this report will be assessment and institutional learning outcomes. I am also in the process of creating my HLC Steering Committee.

Great progress has been made in updating the curriculum changes in our interactive catalog, Acalog. It will be on the NSCC website, fully operational by the end of April, if not sooner. I would like to recognize Connie Klingshirn who helped make this happen.

Finally, there will be seven people who will be attending the HLC Conference in Chicago, leaving on Saturday, April 13 and returning on Tuesday, April 16. The seven people are faculty members Amy Drees and Fredy Rodriguez, Deans Franklin Roberts, Jon Tomlinson, and Marianna Doolittle and Vice Presidents, Lana Snider and Cassie Rickenberg. This year's conference is titled *Higher Ground: The Future of Higher Education*.

## VP of ENROLLMENT MANAGEMENT & STUDENT AFFAIRS

C-Wing and Learner Services are bustling with activity as spring is in full swing. The spring season represents new growth. Therefore, it is fitting that we have a new resource that is about to "bloom" for our learners.

We are preparing to launch *TimelyCare* – a tele mental health platform for learners, that will allow for convenient electronic access to counselors. This platform allows for learners to be matched with counselors based upon an intake form and also provides opportunities for connection with culturally-relevant counselors – a need identified in a mental health survey completed by our learners back in 2022. We are in the middle of a semi-soft launch as we speak, with full implementation by fall 2024.

#### **ADMISSIONS**

It's been a busy start to the year for the Admissions team. In February, we hosted our annual School Counselor Day, welcoming school counselors to NSCC to discuss the College Credit Plus program and enrollment at NSCC after graduation.

We also hosted our annual OACAC sponsored College Fair in early March and welcomed over 40 colleges and students from 13 area high schools. The Admissions team took the opportunity to discuss tuition and scholarships at NSCC with hundreds of high school Juniors and Seniors. Our College Credit Plus team has been busy with travel as they prepare for the summer and fall registration period. So far in 2024, they have visited 17 schools for CCP info nights, 14 schools to offer Accuplacer testing, and 15 schools to assist with registration.

With the help of our CRM, Slate, we've been able to transform our scholarship applications to fully digital, offering ease of access and eligibility management. We have collected over 140 Presidential & Honors scholarship applications, over 20 Choose Ohio First applications, and over 30 Career Tech scholarship applications through Slate. We just launched the Van Wert scholarship in Slate and have collected 8 so far.

#### ACADEMIC PATHWAYS COORDINATOR

Thirteen (13) degree completions were issued in February and March 2024. These completions were learners who completed coursework at NSCC but needed an AIS or ATS contract (including Reverse Transfer/CWID) created or substitutions made for an AAS completion. It is always a great reward to hear comments of appreciation from learners who are eligible to be awarded an Associate Degree from NSCC, based upon past accumulated credit. Check out some comments below to see the impact!

- "Thank you so much for reaching out to me! This sounds like an amazing opportunity, please proceed! Thank you for taking the time to write this degree up for me, I had no idea this was possible."
- "Thank you for reaching out. I would love an associate degree. I look forward to hearing from you."

• "I would love to have this associate's degree. Thank you so much. You are awesome!"

Those comments alone make all the effort worthwhile.

### **FINANCIAL AID**

The scholarship committee met on 3/14/2024 and selected all of our foundation scholarship recipients. We awarded 358 scholarships. Letters were sent to the recipients on 03/27/2024. The Scholarship reception will be held at Founder's Hall on 4/18/2024.

# **STUDENT GROUPS / CAREER ACTIVITIES**

March and the first week in April were extremely busy in Career Services and Student Activities! From Career Workshops and the Job & Career Fair to live music and celebrating Ag Week, the OASIS and Atrium were alive with activity!

TUNESdays returned in March and featured NSCC alum Tina Mae and a collaboration with HR to provide soft pretzels to employees and learners on March 5.

Student Group *Ag Grows Here* celebrated National Ag Week on March 19, complete with a live performance from local family farmer, Glen Newcomer.

Career Services teamed up with TRIO to offer several career development workshops as a lead up to the Job & Career Fair in April. Resume writing, professional dress, and mock interviews were featured topics.

On Tuesday, April 2, Northwest State hosted nearly 75 local and regional employers at the annual Job & Career Fair. This free event was open to all NSCC students, graduates and the general public. The event welcomed approximately 250 attendees. We received plenty of positive feedback. Below are just a handful of positive comments we heard.

- "The students and staff at Northwest State were all kind and helpful from the moment I walked in the door. The event was extremely organized I was impressed."
- "Great turnout and great questions from job seekers."
- "... Very professionally done and an impressive event."

Mark your calendars for next year's Job Fair on April 1, 2025 – and that's no April Fool's joke!

# **ESPORTS**

The NSCC Coaches and Esports Participants are gearing up for GameCon 2024, scheduled for June 22, 2024 at NSCC. From a Smash Ultimate Tournament to a CosPlay Contest, Lego Build Stations, Board & Card Games and beyond, it will be an event you will not want to miss!

# **EV MOTORSPORTS**

The EV Team is finalizing preparations for this year's EV Grand Prix at Purdue University, West Lafayette, Indiana on April 12 & 13. The team is hoping to improve upon their showing from the 2023 race.

### **SUCCESS CENTER**

The Success Center has had great feedback with having student workers at the front "S" shaped desk welcoming other learners. Many testers and studying learners have also been gravitating toward the newly implemented brain food and coffee station.

The Learning Lounge has had a lot of traffic, specifically with our math tutoring; Daniel Light has been a tremendous tutor, servicing 91 learners since the spring semester began. Wow!

Since January, the Success Center has serviced around 150 test takers and 105 1-on-1 tutoring sessions within The Learning Lounge.

Recently, the Success Center collaborated with the Arts and Sciences Division to provide writing workshops for students. The workshops, led by Composition Faculty Chelsie Ebaugh

and Lindsay Folkerth, were well attended and aligned well with the Composition course content. We hope to expand these workshops across other divisions in the future.

# **TRIO**

On Saturday, February 24, the five TRIO programs from BGSU, UT, Lourdes, Owens, and NSCC collaborated to hold the annual National TRIO Day celebration. The day consisted of breakout sessions, a keynote speaker, and students working on a community service project. This year's project was to assemble "Blessing bags" filled with personal care items. Each college then donated the bags back to their food pantry for distribution to their students. At a travel meeting earlier this term, we did a group activity to encourage team building. Learners were given 13 minutes to assemble the highest structure with spaghetti, tape, rope and one marshmallow. This was a fun activity that everyone enjoyed.

#### **SUMMARY**

Our teams remain committed to finding new and innovative ways to meet the learners right where they are and help them rise to achieve the success they seek. As we stay committed to our mission of serving learners well, we *Strive for Progress* and keep our *PIL* (*People, Integrity, Learning*) values at the core of what we do and who we are! #ToLeadIsToServe

Spring break has come and gone and now graduation preparations are in full swing. Throughout March we had live music in the OASIS. It is always nice to see the OASIS bubbling with student activities - hanging out and socializing...as well as enjoying some Cabin Fever! Early registration started in March for our upcoming summer and fall classes bringing visitors into the C-wing and we are preparing for two of our biggest events coming in April and May...Scholarship Night and Green Carpet.

# **Business Office**

The third quarter has officially wrapped up. We completed the HEI, IPEDS, HLC, and Q3 reporting and are currently finalizing the Foundation's 990 tax form and schedules. With both summer and fall registration open, we are starting to close out FY24 and preparing FY25's budget.

In February, the Business Office continued training efforts on Requisitions and POs, PCard processing, travel and mileage forms, Banner and Banner shortcuts. In March, we also held our first Lunch & Learn highlighting the Budget process and timeline. Our current project is transitioning paper load sheets to electronic load sheets. We have tasked summer semester to be our test semester, with full implementation for fall 2024.

## **Auxiliary Services**

Following spring break, food service is in full swing with preparations for our spring events. The bookstore is preparing for graduation with regalia. The bookstore is continuing to bring in a lot of new attire that has been a big hit with both staff and learners.

Through student listening sessions with the President, the College collaborated with Maumee Valley Vending to introduce their Fresh Market kiosk system to address student needs after the café and bookstore closed for the evening. The kiosk is open 24 hours and will be another available option during events. Items range from chips, pretzels, frozen and fresh food options, drinks, and a small coffee bar.

# **Facilities**

Our facilities team is always busy, but they are extra busy now with the start of in-house demo of the B-wing as well as our Van Wert building.

# **Police**

During February and March, the Northwest State Community Police Department continued working with Lexipol to get policies and procedures in place. The initial packet is set for Cabinet review. With the help of Lt. Cline and the Floor Captains, the campus has a successful tornado drill on March 6. A fire drill will take place in the fall. Active shooter training is also planned for the upcoming fall semester. We will be working throughout the summer to create a training presentation.

Chief Campbell completed his required Chief Training the week of March 11-15. Our police department representatives also went to Head Start and read to the students "A Fun Week at the Police Department."

The Department has created its mission – "The Northwest State Community College Police Department will continue to serve and protect Northwest State Community College by providing a safe, secure, and pleasant atmosphere for training and learning."

# **Employee Engagement Events:**

<u>Valentine's Day Cookies</u> - Frosted sugar cookies from Cookies on Demand in Montpelier were hand delivered to all employees on February 14th.

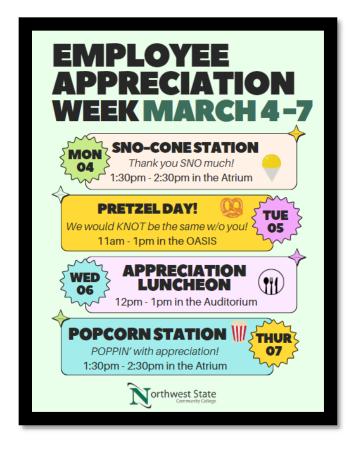

<u>Employee Shirts</u> – To celebrate our Ohio's #1 Community College ranking, we provided new apparel for our employees to wear proudly.

Employee Appreciation Week – We celebrated Employee Appreciation Week the first full week of March. An event was held each day and included a sno-cone station, pretzel day, an Employee Luncheon and a popcorn station. These events were enjoyed by many employees. We had a great turnout for our Employee Appreciation Luncheon. The luncheon was catered by Hill's Restaurant & Catering out of Napoleon, who served over 135 employees. Two members of the College's Board graciously spent their time serving our employees within the food service line.
