## Scholarship Profile

### David R. Rand Memorial Scholarship

David Rand taught at NSCC from 1980-2002 and loved the students he worked with. He was known for his high expectations of behavior and performance from his students and in turn they received an excellent instructor. His dedication and loyalty to his students were a testimony to his character & the beliefs he lived by. **David's** co-workers described him as the nicest guy on campus and someone they all aspired to be like. Knowing David and his expectations inspired all of his colleagues to be better than they could have been on their own.

**David R. Rand**

**Education has always been important in David's life, starting with his own education with two Bachelor's in Physics and Math in 1966. While attending BGSU, he met his lovely wife Judy, and they married in 1967. David continued through his educational journey where he studied the Bible and theology for a year at Central Bible College, then returned to teach math at Napoleon High School. He then became a bank loan officer & counselor in the 1970's. After this David moved on to being an instructor of many different subjects, at NSCC. During this time, he obtained his Master of Business of Administration degree from BGSU in 1991. Following this, he taught classes at Defiance College from 2003-2007.**

David and Judy were married for 40 years before he passed in 2008. They have a daughter, Darlene, and two grandchildren.
