

Short-Term Certificate

The Phlebotomy Certificate prepares students to be an important member of the healthcare team. The phlebotomist's primary role is to collect blood specimens for testing which aids the physician in the proper diagnosis and treatment of illness. Graduates will be prepared for entry-level employment and will be qualified to sit for one of the national certification exams. This program will provide a career pathway to Medical Assisting, Medical Laboratory Technician and other allied health professions.
