

Associate of Applied Science in Nursing

The Associate Degree Nursing program is designed to prepare students to demonstrate competency in providing nursing care in a variety of healthcare settings and for employment as a registered nurse. The four semester program incorporates face to face and online coursework, labs, and clinical to prepare the student to function as a member of the healthcare team. Students must meet all admission criteria prior to being admitted to the nursing program. After meeting admission criteria, students are given the first available seat in the nursing program. Policies regulating the nursing program are available in the Student Nurse Handbook. For admission criteria, see the division's page on the college website.
