

Associate of Applied Science

The paraprofessional education degree program prepares individuals for instructional teacher assistant positions in Pre-K to grade 12 settings. The program was developed to meet the Ohio Department of Education standards for the Paraprofessional Associate License. The curriculum integrates classroom and field experiences to provide the student with the opportunity to apply skills and techniques with multiple age groups.

A student who wishes to be recommended for the Paraprofessional Associate License must meet the criteria of the program as stated in the student handbook. The student must have day-time availability for field placements. Students must also show completion of standard first aid training, community CPR, common childhood illness recognition and child abuse and neglect training through additional college courses or approved community providers to be eligible for licensure.

All students are required to have a documentation file which includes: records check through the Bureau of Criminal Investigation and Identification and the FBI. The appropriate forms are available from education faculty and/or the division secretary. Specific program policies are stated in the ECD/EDU/EDP Student Handbook.
