

## Computer Technician Certificate

The computer technician must have experience working on personal computers, experience working on networks and some programming experience. Technicians are acquainted with software packages such as word processors and spreadsheets. The computer technician must be knowledgeable in computer operations and computer systems.

## Career Outlook

Students can earn the associate degree by completing one year of full-time study beyond the Computer Technician Certificate. Graduates may find employment in entry-level positions such as computer technician, peripheral equipment operator, help desk technician or technical support.

## Science, Technology, Engineering Tech, and Math Division

Dan Burklo, M.S.E., Ph.D.  
Dean
